HAEMONETICS CORPORATION

PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Haemonetics Corporation (the "Company") for use at the Annual Meeting of Stockholders to be held on Tuesday, July 23, 2002, at the time and place set forth in the notice of meeting, and at any adjournment thereof. The approximate date on which this Proxy Statement and form of proxy are first being sent to stockholders is June 24, 2002.

If the enclosed proxy is properly executed and returned, it will be voted in the manner directed by the stockholder. If no instructions are specified with respect to any particular matter to be acted upon, the proxy will be voted in favor thereof. Any person giving the enclosed form of proxy has the power to revoke it by voting in person at the meeting or by giving written notice of revocation to the Clerk of the Company at any time before the proxy is exercised.

The holders of a majority in interest of all Common Stock issued, outstanding and entitled to vote are required to be present in person or be represented by proxy at the Meeting in order to constitute a quorum for transaction of business. The election of the nominees for Director will be decided by plurality vote. Abstentions and "non-votes" are counted as present in determining whether the quorum requirement is satisfied. A "non-vote" occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the nominee does not have discretionary voting power and has not received instructions from the beneficial owner. Abstentions and broker non-votes will not be taken into account in determining the outcome of the election of directors.

The Company will bear the cost of this solicitation. It is expected that the solicitation will be made primarily by mail, but regular employees or representatives of the Company (none of whom will receive any extra compensation for their activities) may also solicit proxies by telephone, telegraph or in person and arrange for brokerage houses and their custodians, nominees and fiduciaries to send proxies and proxy materials to their principals at the expense of the Company.

The Company's principal executive offices are located at 400 Wood Road, Braintree, Massachusetts, USA 02184-9114, telephone number (781) 848-7100.

RECORD DATE AND VOTING SECURITIES

Only stockholders of record at the close of business on June 3, 2002 are entitled to notice of and to vote at the meeting. On that date, the Company had outstanding and entitled to vote 25,082,912 shares of Common Stock with a par value of \$.01 per share. Each outstanding share entitles the record holder to one vote.

ELECTION OF DIRECTORS

Pursuant to the Articles of Organization of the Company, the Board of Directors is divided into three classes, with each class being as nearly equal in number as possible. One class is elected each year for a term of three years. James L. Peterson and Benjamin L. Holmes are currently serving in the class of directors whose terms expire at this Annual Meeting. It is proposed that James L. Peterson and Benjamin L. Holmes be elected to serve terms of three years, and in each case until their successors shall be duly elected and qualified or until their death, resignation or removal. The persons named in the accompanying proxy will vote, unless authority is withheld, for the election of the nominees named below. If any such nominees should become unavailable for election, which is not anticipated, the persons named in the accompanying proxy will vote for such substitutes as management may recommend. Should management not recommend a substitute for any nominee, the proxy will be voted for the election of the remaining nominees. The nominees are not related to each other or to any executive officer of the Company or its subsidiaries.

Copies of such reports are required to be furnished to the Company. To the Company's knowledge, based solely on a review of copies of such reports furnished to the Company during or with respect to the Company's most recent fiscal year, all Section 16(a) filing requirements applicable to persons who were, during the most recent fiscal year, officers or directors of the Company or greater than 10% beneficial owners of its Common Stock were complied with.~~

~~COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE REPORT
ON EXECUTIVE COMPENSATION(1)~~

~~The Compensation Committee determines the compensation to be paid to the key officers of the Company and administers the Company's 1990 Stock Option Plan and its 1992 and 2000 Long term Incentive Plans. In its deliberations, the Committee takes into account the recommendations of appropriate Company officials. The Compensation Committee's determinations with respect to compensation for the fiscal year ended March 30, 2002 were made early in the fiscal year. During the last fiscal year there were four meetings of the Compensation Committee.~~

~~The Compensation Committee is comprised of independent directors who are not employees of the Company. In its deliberations, the Committee takes into account the recommendations of appropriate Company officials. The Compensation Committee's determinations with respect to compensation for the fiscal year ended March 30, 2002 were made early in the fiscal year.~~

~~The Company's executive compensation program is intended to attract and retain talented executives and to motivate them to achieve the Company's business goals. The program utilizes a combination of salary, stock options and cash bonuses awarded based on the achievement of corporate performance objectives. The compensation received by its executive officers is thereby linked to the Company's performance. Within this overall policy, compensation packages for individual executive officers are intended to reflect the responsibilities of their position and past achievements with the Company, as well as the Company's performance.~~

~~In arriving at the base salaries paid to the Company's executive officers for the year ended March 30, 2002, the Committee considered their individual contributions to the performance of the Company, their levels of responsibility, salary increases awarded in the past, the executive's experience and potential, and the level of compensation necessary, in the overall competitive environment, to retain talented individuals. All of these factors were collectively taken into account by the Committee in making a subjective assessment as to the appropriate base salary for each of the Company's executive officers, and no particular weight was assigned to any one factor.~~

~~The material in this report is not "soliciting material," is not deemed filed with the Commission and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.~~

~~During the fiscal year ended March 30, 2002, the Company's executive bonus program was tied primarily to the achievement by the Company of predetermined earnings per share and revenue targets. Under the program, attainment of these predetermined goals resulted in cash payment of bonuses. For the fiscal year 2003, the executive bonus plan will continue to be heavily weighted to the Company's earnings per share and revenue targets.~~

~~The Company's stock option program is intended to provide additional incentive to build shareholder value, to reward long term corporate performance and to promote employee loyalty through stock ownership. Information with respect to stock options held by executive officers (including options granted during the year ended March 30, 2002) is included in the tables following this report. In determining the number of options granted to executive officers during the last fiscal year ended March 30, 2002, the Committee made a subjective assessment of the past and potential contributions of particular executive officers to the financial and operational performance of the business unit directed by the executive, and of such officer's potential for advancement. The Committee, in arriving at the number of options to be granted to particular executive officers, was aware of whether or not such officers had been granted options in the past. The vesting of options granted is not dependent upon the achievement of predetermined performance goals. Nevertheless, the amount realized by a recipient from an option grant will depend on the future appreciation in the price of the Company's Common Stock.~~

~~In 1993 the Internal Revenue Code was amended to limit the deduction a public company is permitted for compensation paid in 1994 and thereafter to the chief executive officer and to the four most highly compensated executive officers, other than the chief executive officer. Generally, amounts paid in excess of \$1.0 million to a covered executive, other than performance based compensation, cannot be deducted. In order to qualify as performance based compensation under the new tax law, certain requirements must be met, including approval of the performance measures by the stockholders. In its deliberations, the Committee considers ways to maximize deductibility of executive compensation, but nonetheless retains the discretion to compensate executive officers at levels the Committee considers commensurate with their responsibilities and achievements. The Company has not adopted a policy that all executive compensation be fully deductible.~~

~~Compensation of Chief Executive Officer~~

~~With the approval of the Compensation Committee in May 2001, Mr. Peterson received a salary for the fiscal year ended March 30, 2002 of \$407,306. The Committee did not grant Mr. Peterson any new options to purchase shares of the Company's Common Stock during the fiscal year ended March 30, 2002 as Mr. Peterson received a two year grant with options to purchase up to 280,000 shares of the Company's Common Stock in May 2000, of which one half vested as of March 31, 2001 and the remaining one half as of March 31, 2002.~~

~~In recognition of the Company's performance during the fiscal year ended March 30, 2002, the Compensation and Management Development Committee in May 2002 awarded Mr. Peterson a cash bonus of \$421,348.~~

~~COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE~~

~~INDEPENDENT PUBLIC ACCOUNTANTS~~

~~On June 18, 2002, the Board of Directors, on the recommendation of the Audit Committee, terminated the engagement of Arthur Andersen LLP ("Andersen") as the Company's independent public accountants and appointed the firm of Ernst & Young LLP ("E&Y") as its independent public accountants to examine the financial statements of the Company and its subsidiaries for the fiscal year ending March 29, 2003.~~

~~Andersen's reports on the Company's consolidated financial statements for the past two years did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or application of accounting principles.~~

~~During the Company's two most recent fiscal years and through the date of termination of the engagement, there were no disagreements with Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Andersen's satisfaction, would have caused Andersen to make reference to the subject matter of the disagreement in connection with Andersen's report on the Company's consolidated financial statements for such years; and there were no reportable events as listed in Item 304(a)(1)(v) of Regulation S-K promulgated by the Securities and Exchange Commission.~~

~~During the Company's two most recent fiscal years and through the date of engagement, the Company did not consult E&Y with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that E&Y might render on the Company's consolidated financial statements.~~

~~Representatives of the Company's independent public accountants are expected to be present at the annual meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.~~

~~AUDIT COMMITTEE REPORT(1)~~

~~The Audit Committee of the Board of Directors, (the "Committee"), provides general oversight of the Company's financial reporting and disclosure practices, system of internal controls, and the Company's processes for monitoring compliance by the Company with Company policies. The Committee reviews with the Company's independent auditors the scope of the audit for the year, the results of the audit when completed and the independent auditor's fee for services performed. The Audit Committee also recommends independent auditors to the Board of Directors and reviews with management, and internal audit, various matters related to its internal accounting controls. During the last fiscal year, there were five meetings of the Audit Committee.~~

~~The material in this report, including the audit committee charter, is not "soliciting material," is not deemed filed with the Commission and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.~~

~~— The Audit Committee is comprised of three or more independent directors, as determined by the Board, and operates under a written charter adopted by the Board, (attached as Exhibit A).~~

~~— Management is responsible for the Company's internal controls and the financial reporting process. ~~— In this context, the Audit Committee reviewed and discussed the Company's audited financial statements for the fiscal year ended March 30, 2002 with management and with the Company's independent auditors. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. Discussions about the Company's audited financial statements included the auditor's judgments about the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in its financial statements. The Committee also discussed with the auditors other matters required by Statement on Auditing Standards, ("SAS") No. 61 "Communication with Audit Committees," as amended by SAS No. 90, "Audit Committee Communications."~~

~~— The Company's auditors provided to the Committee written disclosures required by the Independence Standards Board Standard No. 1 "Independence Discussion with Audit Committees." The Committee discussed with the auditors their independence from the Company, and considered the compatibility of non audit services with the auditor's independence.~~

~~— Fees paid to the Company's independent auditors' firm for fiscal 2002 were comprised of the following:~~

— Aggregate Audit Fees (for annual and quarterly reviews)	— \$436,000
— Aggregate Other Fees (primarily tax services and services in connection with business acquisitions)	— 623,000

~~— Based on the Committee's discussion with management and the auditors, and the Committee's review of the representations of management and the report of the auditors to the Committee, the Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended March 30, 2002 filed with the Securities and Exchange Commission.~~
